	<i>Outdoor</i>				Available	Available	Available	Available	Available	Available	Available		
Strawberries						Available	Available	Available	Available	Available	Available		
KEY	Available from store	UK produce available from cold stores, price rises towards end of indicated storage period.											
	Available and 'in season'	Optimal purchasing period- prices generally at lower; environmental costs of production also lower.											
	Available	UK produce available BUT higher production input so higher prices + environmental costs.
